ABOUT YOUR EYES
A Word to the Wise is Sufficient. When you trust your precious gift of sight to a qualified and old established house such as ours you know that you are giving your eyes the very best that can possibly be given. Our charges are reasonable and compare favourably with the charges of reputable and qualified optometrists at home. We could sacrifice quality for cheapness but that is not our policy. Only the very best is good enough for your eyes.

VON RIBBENTROP ACCUSED OF SELLING GERMANY TO RUSSIA

Serious Conflict Between Hitler And High Command

LONDON, NOV. 17 (REUTER).—A SERIOUS CONFLICT BETWEEN HERR HITLER AND THE HIGH COMMAND IS REPORTED FROM BERLIN AND OPINION IS DIVIDED AS TO THE NEXT STEP TO BE TAKEN IN THE OFFENSIVE.

IN SOME QUARTERS HERR VON RIBBENTROP, NAZI FOREIGN MINISTER, IS REGARDED AS A TRAITOR AND IS ACCUSED OF HAVING SOLD GERMANY TO RUSSIA.

A NUMBER OF HIGH OFFICERS in the German Army are reported to have been arrested under the orders of Herr Himmler, Chief of the Gestapo.

U.S. AMBULANCE UNITS GOING TO FRONT LINE

PARIS, Nov. 17 (Reuter).—The first detachment of American ambulance units has been organised in Paris and are moving up to the front line very shortly.

Frenchmen of 48 years of age will be demobilised. Recently men of 59 years were relieved from military duties.

The French income tax will be raised by a quarter while the internal postal and telegraph rates will be increased.

NO AMERICAN EXPORTS TO REICH

WASHINGTON, Nov. 17 (Havas).—The increase in the total value of American exports during October was mainly due to the purchases by South American countries which imported from the United States goods they used to purchase from Europe, stated Mr. Hopkins, Secretary of Commerce.

Sales to Britain, Belgium and Holland diminished, however, exports to France, Canada, Japan, Denmark, Norway and Sweden jumped up.

The United States exported nothing to the Reich.

P.I. DEFENCES

SHANGHAI, Nov. 17 (Int'l).—In order to strengthen the defence of Philippine Islands, five submarines have left Pearl Harbour in Honolulu for Cavite, near Manila.

Material Assistance By The Soviet To Chungking Continues: Improved Trade Relations Fully Approved

CHUNGKING, NOV. 17 (REUTER).—HEARTY APPROVAL OF THE IMPROVEMENT IN TRADE RELATIONS BETWEEN CHINA AND RUSSIA was voiced by the Hsin Hua Jih Pao, official organ of the Chinese Communist Party, in a leading article today.

At the same time, the paper bitterly attacks the efforts to undermine Sino-Soviet friendship "by agents of the Japanese and Wang Ching-wei."

The paper adds: "Improvement in Sino-Soviet relations will shatter the effects of the 'rumour offensive' while improvement in trade relations between the two countries will nullify the effectiveness of this Japanese naval blockade."

The Hsin Hua Jih Pao expressed confidence that M. Stalin and the Soviet Union will continue to give assistance to China.

Three men were executed in Berlin for revealing military secrets.

The German Freedom Station stated that they were forced into hiding yesterday as the Gestapo were on their tracks.

The German press is slowing down in its campaign against Belgium and the Netherlands and is making loud outbursts against Britain.

PARIS, Nov. 17 (Havas).—Commenting on the German rejection of the Belgo-Dutch mediation offer, Ferlinx, writing in the newspaper L'Ordre, points out that Hitler was previously due to send a personal message to the sovereigns of Belgium and Holland and that his message would be kept a secret.

"All these delays and detours mean that Hitler is striving to gain time hoping that the Western Powers will accept his false promises."

"Apparently he tried to draw Mussolini into his peace offensive but he gave up any hope when he read Mussolini's speech two days ago."

Madame Tabouis, writing in L'Oeuvre, says: "The Fuehrer's curious manoeuvre proves once again the paralysed state of Germany's will and the incapacity of German leaders to make a definite decision either military, political or diplomatic."

ROYAL AIR FORCE CASUALTIES

LONDON, Nov. 17 (Reuter).—The Royal Air Force latest casualties list gives the number killed in action, or on active service, as 33.

The R.A.F. is experimenting with better lighting for London during the Christmas holidays. A special light will be installed in the Edgeworth Road district and R.A.F. planes will make observations from above.

HOW BRITAIN'S AIR MIGHT IS BEING BUILT UP

IN LONG, ORDERED BAKES, Hawker Hurricanes and Gloster Gladiators in the final stages of production. Soon they will be taken over by the Royal Air Force.

ANOTHER PIRACY IN BRITISH WATERS

Another piracy in Hongkong waters has been reported to the police, adding to an unusually large number of cases of this type of crime with which the authorities have had to deal during the past year.

Hung To, master of trading junk No. 712H, said that his junk was boarded about 11 p.m. on Wednesday while sailing for Chiu Chau from Shaokwan, which he left the previous day, by a party of seven robbers, who were variously armed with revolvers and rifles.

FOUR INJURED
The pirates approached the junk near Pak Kang Tau in a large fishing boat. They first fired ten rounds at the junk to halt the craft. One of the bullets struck a junk fisher named Ng Sap in the right leg.

Herding the occupants into a hold, the robbers then ransacked the vessel of its cargo, which consisted of 930 tins of kerosene and other goods the value of which was about \$2,000, and left in their fishing boat. Before leaving, they also threw the junk's licence overboard into the sea.

The junk returned to Hongkong.

Delivery Of Warplanes To Allies

Pushed Across U.S.-Canada Border

WASHINGTON, Nov. 17 (Reuter).—Some of the warplanes bought by the Allies from America will have to be pushed or pulled across the United States-Canada border.

They must not be flown over as, under international law, the flight of warplanes to belligerents constitutes an armed expedition, but they may be flown by American pilots to the port of exit where the title must pass to foreign ownership.

The State Department has decided that this will settle the problem of how warplanes are to be delivered without violating the Neutrality Act.

On Thursday, the injured man was taken to the Queen Mary Hospital for treatment.

CHINESE STILL RESISTING AT LUNG MEN & FONGSHING: SEVERE JAPANESE ATTACKS

Large-Scale Operations Not Possible

SHIUKWAN, KWANGTUNG, Nov. 17 (Central).—Stubborn resistance is being put up by the Chinese against the Japanese landing at Lungmen and Fongshing, on the South Kwangtung coast.

Japanese naval guns started a fierce bombardment of Lungmen on Wednesday morning. In between the salvos Japanese marines in pinnaces attempted to land. Chinese troops lurking in the trenches greeted the invaders with intense machine-gun fire. A number of pinnaces were sunk, resulting in many Japanese being killed.

After several abortive landings, the Japanese withdrew to their warships. But taking advantage of a heavy fog at night they effected a landing. Chinese defence works were demolished by the terrific Japanese bombardment.

JAPANESE BEATEN BACK

SHIUKWAN, Nov. 17 (Central).—Several Japanese onslaughts from Samshui, the western terminus of the Canton-Samshui Railway, on the Chinese positions at Wong-tong and Hungkong to the north-west were repulsed by stubborn Chinese resistance yesterday evening. The Japanese, in retreating to Samshui, lost a number of men, dead and wounded, and many rifles.

BARRACKS BURNED

During the Chinese raid on Hongkong across the river from Samshui on the West River on November 14, two Japanese barracks were burned out and several Chinese puppets captured and brought to the rear, according to a belated report.

PRECAUTIONS IN CANTON

YUNGYUN, KWANGTUNG, Nov. 17 (Central).—The Japanese in Canton are taking strict precautions against further Chinese air raids.

Black-outs are held at night and the Japanese aircraft on the aerodrome at the foot of White Cloud Mountain make reconnaissance in turn.

FONGSHING LANDING

Landing was also made at Fongshing on the same day. Several times before the Japanese could get a firm foothold, the Chinese charged and drove them back with heavy losses. However, additional Japanese troops were sent ashore yesterday.

Occupying favourable positions, the Chinese at both Lungmen and Fongshing are resisting effectively.

POLISH NAVAL OFFICERS DECORATED

LONDON, Nov. 17 (Reuter).—Gen. Sikorski, the Polish Prime Minister, today visited a Scottish port and decorated a number of Polish naval officers who are now with the British Fleet.

He complimented them on their bravery in bringing Polish ships to join the British Navy.

No Rice For Japanese Army Leaders

SHANGHAI, Nov. 17 (Int'l).—High Japanese army officers, headed by General Shunroku Hata, the War Minister, had a dinner in Tokyo on Wednesday without taking rice. Instead, the generals and colonels ate bread and noodles owing to the high cost of rice.

Hereafter the Japanese senior officers will partake a meal without rice every Wednesday in spite of the fact that this is a necessary cereal to the Japanese.

The rice famine in Japan is due to the failure of crops in western prefectures and Korea.

FOOD PRICES

According to a report of the Bank of Japan, food prices in that country rose in October of this year 18.5 per cent; textiles 44.5 per cent, and clothing 24.5 per cent, in comparison with the corresponding period of last year.

The Miyako Shimbu states that regardless of the government's decision on fixing prices, the growth in prices continues.

HEAVY FALL IN PETROL AND CAR SALES FOLLOW GOVERNMENT TAX INCREASE IN COLONY

Pre-War Consumption Per Year Now Nearly Halved

Special to the Hongkong Daily Press

It is doubtful whether the public generally is aware of the far-reaching repercussions which have taken place in the Colony as a result of the increased price charged for petrol.

Up to the outbreak of war in Europe, Hongkong consumed nearly five-million gallons of petrol a year. The bulk of this came from the Dutch East Indies, but a good proportion from America, and there is no danger of a shortage of supplies in the Colony, and no likelihood of a further increase in price.

This was the assurance given by officials of the leading petroleum companies operating in Hongkong during a round of inquiries made by a representative of this paper yesterday.

RUMOURS DISCOUNTED

Rumours of a possible shortage of petrol have been rampant for some time among local motorists circles and the taxicab companies and hiring car owners in particular have been viewing the position with growing alarm, as the reports had hinted of a further increase in price.

"There is absolutely no ground for any such fear," one local petroleum magnate told our representative. "We can always get sufficient supplies to meet the Colony's needs."

Another said: "As far as the petrol companies are concerned, there is no likelihood of a further increase in the local price of petrol unless the Government tax is increased."

While the increase in price from \$1.10 per gallon to \$1.60 per gallon was brought in strictly as a war measure to conserve stocks in the Colony, and also no doubt, as a means of securing more revenue, the assurance that the Colony is not threatened with a shortage in the near future, will be well-received.

STRONG FEDERATION TEAM TO MEET ASSOCIATION: TO MARK LEE: FINE MATCH PROMISED BY "PILAT"

AS A RESULT OF THE VOLUNTEER CAMP this week-end will see a small League programme, only three matches being down for decision.

However, fans will be compensated tomorrow when the ASSOCIATION will meet the CHINESE FEDERATION in the first game of the Governor's Cup series at Causeway Bay at 3.30 p.m.

The Federation's team has been interesting to see how he will fare in his first real big test in an All-China eleven. Strong both in defence and attack, the team is a formidable one, and which will take a lot to beat.

After his brilliant performance last Sunday, Cheung Wing-choi has been selected as goalkeeper. Tam Kwan-kon has not been very much in the public eye lately, not because he is off form, but because he has, so far, not been severely tested in League games.

The others more or less pick themselves and, with the exception of three, are all from the Caroline Hill club.

UNENVIABLE TASK

The selection of the Association's team has always been an unenviable job as there are so many clubs from which to choose players. The F.A. eleven reveals a new name—Coles, of the Navy. I have not seen Coles in action so I will not deal with the merit or demerit of this player.

Sound as the selection of the F.A. side seems I have, however, one criticism to make in regard to the choice of the wing-halves. Wilkinson has been playing with great success in the League at left-half as he did in last Sunday's charity game. In view of this it would be better judgment to move Wilkinson back to his customary position and to give Rides, who played a sound game on Sunday, another chance.

WILLIAMSON'S TEST

Williamson, who will be in the pivotal berth, is I think, the suitable man for this match. He played the third back game on Sunday and this will enable him to keep a good watch on Lee Wai-tong and Fung King-cheong, the main sources of danger. It will

be interesting to see how he will fare in his first real big test in an All-China eleven. Strong both in defence and attack, the team is a formidable one, and which will take a lot to beat.

Of the three League games this afternoon, the MIDDLESEX-SOUTH CHINA "A" clash at Soekunpoo should be the best. This game is of great importance to the Middlesex, as another defeat will definitely put them out of the running for League honours.

It will be interesting to recall that last season on the same ground the "Diehards" defeated the champions by the odd goal in three. Unless something totally unexpected happens, the champions should be able to keep their 100 per cent record intact.

SCOTS SHOULD WIN
A close match should be seen between KWONG WAH and ROYAL SCOTS at Boundary Road. It will be hard to forecast the winners but I favour the chances of the Scotsmen, who play the type of game that may upset the Kwong Wah's defence.

But in view of the Electricians' fine victory against South China "B" last week their chances must also not be overlooked.

SAINTS V. POLICE
The last match on the programme, that between ST. JOSEPH'S and the POLICE, should provide some entertaining football.

The Saints have been showing improvement and if they continue to do so may manage to hold the Police.

The custodians of the law, however, are an unknown quantity. One week they surprise their supporters with a flashy display, and in the next they disappoint.

Brawn Cup League matches at King's Park. Both matches commence at 3 p.m.

TWO CHANGES

Satisfied with the showing of their team in the trial game against Central British School on Thursday, the C.B.A. Ladies are retaining two important changes in their line-up from that match. Mrs. Ramsey will remain in goal, in which position she played a better game on Thursday than has been seen from any C.B.A. keeper in a long while, while, Miss D. Moss, moved from the defence to centre-forward, will be retained as leader of the attack.

EVEN FAVOURITES

Despite the fact "Y" Ladies beat the C.B.A. Ladies by three goals to nil in the friendly match played between these two teams three weeks ago, Central British Association Ladies 1st XI start even favourites for today's game.

They have a sound defence, an excellent intermediate line, and a passable forward line with Miss D. Moss and Miss E. Lathovetsky outstanding. "Y" Ladies have a sound defence, a good intermediate line, and an excellent forward line, where Miss H. Bockler has been brought in at right wing. "Y" Ladies' 2nd XI start favourites in the Brawn Cup fixture.

SENIOR LEAGUE

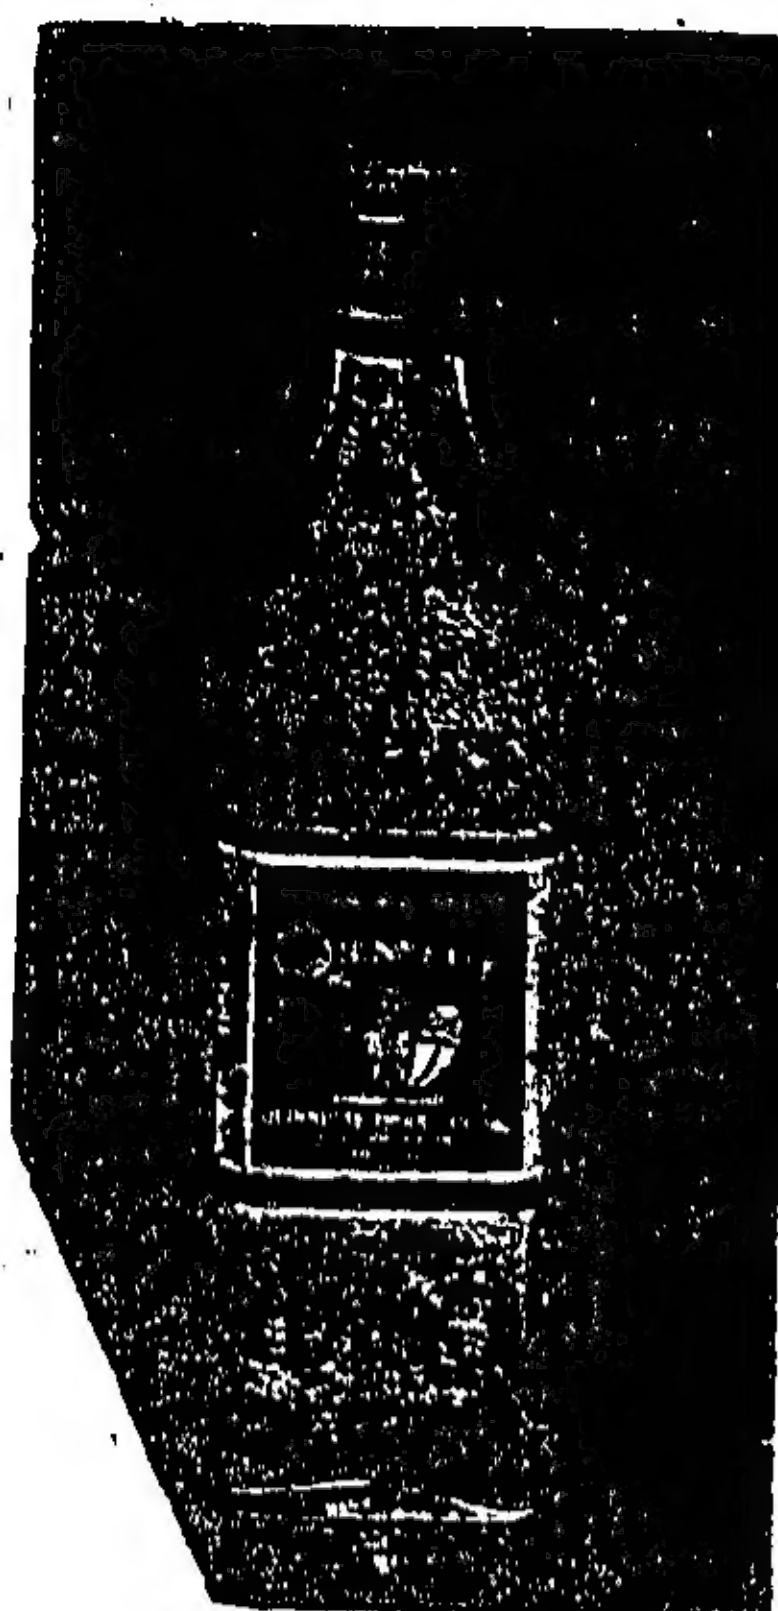

On the C.B.A. Ground, the Senior League game will be played between the following teams:

C.B.A.: Mrs. M. Ramsey; Miss B. Parsons; Mrs. M. Willmott; Miss P. Everest; Miss I. Woolley; Miss A. Smith; Miss P. Baxter; Miss P. Whitley; Miss D. Moss; Mrs. M. Quick; and Miss E. Lathovetsky.

Colony Urban Districts' Congestion Is Unabated: Menace Of Tuberculosis

"THE CONGESTION OF THE URBAN DISTRICTS IN HONGKONG CONTINUES UNABATED and the sanitary conditions of most of the town is calculated to promote rather than prevent the spread of infectious disease," states the Director of Medical Services in his report for the year 1938, which was tabled in the Legislative Council on Thursday.

The report, well set out and kong was due to the White fully explanatory, covers every branch of activity undertaken by the Medical Department, and gives the results of measures taken to check the spread of disease in the Colony, schemes for promoting the general health of the population, and recommendations for future work.

The Department's total expenditure for 1938 was \$2,407,347.92, and the revenue earned by all divisions \$431,034.17. The total revenue of the Colony from all sources in 1938 was \$37,175,397.82; hence the expenditure on medical services formed 14.66 per centum of the general revenue as compared with 18.19 per centum in 1937.

SMALL-POX AND CHOLERA

"The year 1938 was marked by the prevalence and persistence of infectious disease in the Colony," says the report.

Small-pox and cholera were the two major epidemic diseases that occurred.

"There is no doubt that they lasted longer than they would have done in normal years owing to the overcrowding in all parts of the City of Victoria," says the report. "The prolongation of the Sino-Japanese 'Incident' has meant that the advent of poverty-stricken and starving refugees to Hongkong has continued throughout the year.

"The extension of hostilities to the south of China in November led to a sudden rise in the number of refugees crossing the frontier and this attained a maximum during the month in question."

TUBERCULOSIS MENACE

Malaria, according to the report, is no longer to be regarded as one of the major killing diseases in Hongkong, but pulmonary tuberculosis is one of the great health menaces. Approximately one out of eight deaths in 1938 in Hong-

kong was due to the White Scourge. The report says that it is probable that at least five people suffer from the disease for everyone who dies of it.

"The opportunities afforded for its spread by overcrowding are legion," says the Director of Medical Services. "The average poorer class Chinese tenement today houses from 30 to as many as 60 human beings per floor as compared with between 15 and 17 before the 'Incident.' Many of these people are out of work, most of those who have work are underpaid and all live on an inadequate and ill-balanced diet.

"They are exposed daily to mass infection with tuberculosis because of the universal and disagreeable habit of spitting; they are ignorant of the ways in which the disease is spread; their hygienic standards are of the lowest, and it is, therefore, not to be wondered at that tuberculosis heads the list of killing diseases in Hongkong."

REGISTERED BIRTHS

Registered births in 1938 showed an increase from 32,303 in 1937 to 35,893, while the number of deaths among the civilian population was 38,813, an increase of 4,183 over the 1937 figure. In addition to this, 29 deaths were recorded in the Forces of the Crown during the year, an increase of 18 over the 1937 figure.

The crude uncorrected birth rate was 34.9 per thousand of the population, and the death rate 37.7 per thousand, compared with the 1937 figures of 32.1 and 34.4 respectively.

"These increases in the actual number of deaths and the death rates reflect the general deterioration in the health of the community, a deterioration thought to be brought about by overcrowding, lack of housing and insufficient food," says the report.

C.E.C. PLENARY SESSION RESOLUTIONS

CHUNGKING, Nov. 17 (Central)—At the fourth general meeting of the 6th Plenary Session of the Kuomintang C.E.C., presided over by Generalissimo Chiang Kai-shek, a telegram was despatched encouraging and comforting the officers and men fighting at the front.

The telegram states that after more than two years' unremitting efforts by the rank and file, the enemy force is being gradually exhausted and there are clear indications the nation will win final victory. It exhorts the soldiers to continue their efforts under the supreme direction of Generalissimo Chiang.

A second telegram was sent to overseas Chinese thanking them for their unstinting financial support and unwavering loyalty to the Central Government.

AMERICAN ENVOY LEAVES CHUNGKING

CHUNGKING, Nov. 18 (Reuter)—The American Ambassador to China, Mr. Nelson T. Johnson left Chungking by air this afternoon for Hongkong en route to Shanghai. After remaining in Shanghai for a week or two the American Ambassador will proceed to Peking where he will meet his wife and daughter.

In Shanghai, Mr. Johnson is expected to meet Admiral Thomas C. Hart, Commander-in-Chief of the American Asiatic Fleet.

The Ambassador took off from Chungking in the new Douglas DC3 aircraft, a new addition to the China National Aviation Corporation's fleet.

The plane is making her first round trip, having left Hongkong last night. She arrived in Chungking this morning and is returning to Hongkong again in the afternoon. The machine is expected to operate the Hongkong-Chungking-Chengtu run.

ANGLO-FRENCH ORDERS TO U.S.

WASHINGTON, Nov. 17 (Reuter)—The Department of State does not confirm the reports that British and French orders of American armaments are held up pending a legal interpretation of the "Cash and Carry" Clause. What actually happened was that certain Californian plane manufacturers were told they would have to show that the transactions really observed the clause before they would be allowed to make shipments.

Banishée Shows Court Marks Branded On Hands By Japanese At Swatow: Allegation At Sessions

THRUSTING BOTH HIS HANDS THROUGH THE RAILS OF THE DOCK, LEUNG KWONG, charged before Mr. Justice R. E. Lindsell at the Criminal Sessions yesterday with returning from banishment in contravention of the Deportations Ordinance, showed the Court marks which he alleged the Japanese at Swatow had branded on him before he was sent back to the Colony together with 17 others.

Replying to his Lordship, defendant said that the police at Swatow found a warrant on him and suspected him of being a bad character. He said they put him on a ship with 17 other people and sent back to Hongkong six months ago.

His Lordship said that if the story were true it would be a perfectly good defence, as defendant returned to Hongkong involuntarily. Mr. J. B. Prentis, Assistant Crown Solicitor, submitted that the proper course would have been for defendant to report to the authorities on arrival here and be re-banished.

The case was adjourned till Monday for consideration.

Two life banishes, Mok Pau and Chan Yan, who were similarly charged with breaches of the Deportations Ordinance, pleaded guilty and were sentenced to three years hard labour each.

PRISON AND "CAT"

Sentences of three years' hard labour and 12 strokes of the "cat" were imposed on Wong Sang and Lai Shing, who pleaded guilty to charges of robbery.

Tsang Sing, Yu Sang and Ip Loh-sang, pleading guilty to similar offences, were sentenced each to three years' hard labour.

Lam Yau-choi, who admitted a charge of unlawful possession of arms and ammunition, was also sentenced to three years' imprisonment with hard labour.

INTERMENT CAMP ESCAPE ATTEMPT

An attempt to escape from the Ma Tau-chung Internment Camp had a sequel before Mr. J. Hims-worth at the Kowloon Court yesterday, when Au Pak-sing, 38, was sentenced to two weeks' with hard labour.

Inspector H. E. Rogers, who prosecuted, said when the light fuse went off on Wednesday evening, 15 men made their escape through a ladder over the barbed wire. Subsequent examination revealed that the fusing was part of their plan. Au was found the next morning suffering from various injuries to his legs. He admitted having tried to escape but fell into the barbed wire because the ladder failed him.

CORRESPONDENCE

INCOME TAX

[To the Editor, "Hongkong Daily Press"]

Sir—Surely it is significant that the greater part of the outcry against Income Tax come from the very prosperous of the Colony.

We are told, and we accept, that war demands the conscription of human beings. Men of Military age are called to the colours. Those of us with grown sons must send them to the battlefields and, if they are killed, recognize the inevitability of the sacrifice.

If the effort for victory is worth this price, surely there is no room among Englishmen for walls and protests against a little extra taxation. Why should money have rights above those of life? If life can be conscripted, why not capital?

An examination of the arguments against Income Tax shows that they boil down to one thing: "Tax everybody or anybody, but don't, God forbid, tax me." It also reveals the fact that those who shout the loudest are the ones who have the least right to do so.

HONGKONG, NOVEMBER 18, 1939

SOLDIERS ON
THE WAR

IN TIME OF PEACE there is available to the layman a vast amount of literature on military matters, written by military men, discussing the latest modifications of the science of warfare and probable effect of every new weapon that comes to the public knowledge, as new weapons always do, much earlier than is generally supposed.

THE OUTBREAK of war has brought about a sharp curtailment of such information appearing in the English language. That is perfectly natural. Officers on active service have their thoughts focussed on concrete operative problems and anything they write will naturally reflect the conclusions they have drawn from actual battle experience. What these conclusions are is a matter of great interest to the enemy. It is, therefore, not surprising that a number of popular publications dealing with military matters have simply folded up for the duration of the war.

IN VIEW OF THIS FACT it is particularly interesting to summarise the opinions of writers in the last issue of the "United Services Review," now no longer appearing, which was published on September 28 and has just reached us.

THE KEY ARTICLE, a comparison of the situation in 1914 and 1939 by Lt.-Col. J. R. J. MacNamara, M.P., hammers in the thesis that the war will be neither easy nor short. "I shall try," says the writer, "although a belligerent, to view the situation impersonally and fairly. I am not, after all, a Minister of Propaganda and I feel that articles will be much more interesting to the reader if they try and paint a true picture."

LT.-COL. MACNAMARA began by stressing the necessity of timely support for Poland. He insisted on the importance of keeping the Germans engaged on two fronts because if the Reich succeeded in overrunning the country "its military machine will be available almost in its entirety to tackle the West. The morale of her people will be great. She will have impressed the neutrals and secured sources of essential war supplies." He found that this would to a large extent nullify the effects of the blockade, leading to a war of "satisfied bellies against satisfied bellies, adequately served guns against adequately served guns."

DEALING WITH THE POSITION of Italy, he pointed out that pressure from both sides would finally force Mussolini to define his position. "The Allies will not forever tolerate Italy being one huge munition factory and supply back door to Germany while they have to keep a large part of their forces immobilized in the Mediterranean simply because they do not know which way she is going to jump."

AIR COMMODORE CHARLTON, analysing the aerial war in Poland, pointed to the superiority of the Nazi air force which "enabled Poland's enemy to range, with fair impunity, over her entire territory and to bomb at will" while preventing Polish reprisals. He dwelt on the value to the Germans of their experience gained by their pilots in Spain. Concerning the strategic significance of

Manslaughter
Cases: Pleas
Of Guilty At
The Sessions

Charged with the manslaughter of Li Wing, alias Kwong Tau Chan, a plea of guilty was entered at the Criminal Sessions yesterday by LO TONG.

Li died following a fight between some bootblacks outside the Silver Dragon Restaurant, Des Voeux Road, about 10 p.m. on September 30. Defendant was alleged to have struck the deceased in the abdomen, as the result of which he collapsed and spat blood and died on admission to the Queen Mary Hospital.

The case came before Mr. Justice R. E. Lindsell, who postponed sentence until Monday.

ANOTHER CASE

Yu Wai-tim, alias Tai Kau Lo, charged with the manslaughter of Yau Kam-hoi, also pleaded guilty.

A small gambling debt was said to be the cause of a quarrel, which led to defendant picking up the deceased by the legs and bumping his head on the cement pavement at the junction of Luarg and Jaffe Roads, Wanchai, on September 23. Yau Kam-hoi died of a broken neck.

Sentence was also postponed to Monday, as was in the case of Lai Kwong, who pleaded to the charge of manslaughter of a man on October 7.

JAPANESE ARMY
PLANE LANDS
IN COLONY

A Japanese military plane, a Douglas DC-3, landed at Kai Tak from Canton for the purpose of picking up a spare tyre for the R.M.A. Dardanus, the Imperial Airways' plane which is now on Welchow Island.

The arrival of the craft was not expected and a 10-minute notification was given before the plane put down on the Kai Tak tarmac. On the plane, besides three members of the crew, was Commander Honda, of the Japanese Navy. The plane departed for Welchow Island after a stay of 10 minutes in the Colony.

In the near future the crew of the Dardanus, Captain J. N. Wilson and First Officer J. F. Raeburn, accompanied by an Imperial Airways' engineer, will proceed by a Japanese naval vessel to Welchow Island from Hongkong. They will attend to repairs of the Dardanus and return with the plane as soon as possible.

aircraft, he drew the following conclusion:

"The Nazis (in Poland) have proved to the hilt that air superiority can assist an ordered attack in furtherance of a strategic plan in much the same way that clouds of skirmishers in former days would prepare the ground for the massed battalions to follow. Aircraft was made to perform a dual role. Firstly, by bombing long-distance objectives, to disrupt the organization of the Polish armies and to destroy the economic channels through which the nation breathed. Secondly, in co-operation with the forces below, to assist direct attack. If the Germans had been worthily opposed in the air, there would naturally have been advantages on either side tending towards a cancellation on balance. But once the mastery of the air has been assumed that element or reciprocity immediately disappears."

IN CONTRAST to the sober tone of the articles on the general military situation and the prospects of aerial warfare, the naval survey, by Sir Herbert Russell, struck a note of confident optimism. The author stated that the U-boat was essentially no more formidable a weapon than it was in 1918, while anti-submarine defence had developed to a considerable degree.

SUCH, in brief, was the view taken of the impending hostilities by the last British military writers to discuss them for the benefit of the public. The general conclusion they arrived at was in all cases the same, that this war would be a long and wearisome test of endurance, perhaps, in the words of Lt.-Col. MacNamara, "much longer than the last."

Mr. and Mrs. Peter H. Loughlin after their marriage at St. Joseph's Church yesterday. The bride was formerly Miss Antonia Melnik.

Hello & Goodbye

(BY A. W. HYER)

An unexpected visitor from Canton called at Kai Tak yesterday afternoon en route to Welchow Island. It was a Japanese military plane which landed at Kai Tak with Commander Honda, of the Japanese Navy.

After collecting equipment for the R.M.A. Dardanus the Japanese craft departed for the south. This is the first time a Japanese plane has landed in the Colony.

Speaking of the Imperial Airways' Dardanus, Capt. J. N. Wilson reports he is "sick and tired of the whole mess!" (He is referring to his travels during the past week and the incident of the Dardanus).

During the week-end the harbour will be visited by one of the large Italian liners en route to Europe, and an American commercial steamer, proceeding to the United States.

The Imperial Airways' week-end service, due in Hongkong on Sunday from Bangkok, has been delayed by the main Empire route and will not be arriving at Kai Tak until Monday afternoon with passengers and mail from all Empire ports.

Air France

THE VILLE DE HANOI, Air France's craft departed for France, via Hanoi, on Thursday at 6 a.m.

Mr. H. A. C. Kahne, travelling to Hanoi on private business, had three Chinese fellow-passengers all destined for Indo-China. Mail totalled 11 kilos.

Steamer Traffic

WHEN THE AMERICAN passenger liner arrived in the bay from a call in Manila, the berthing activities were quite tricky. A large gathering of local residents, coolies and stevedores held their breath while the big liner bumped against the end of No. 1 pier in attempting to come alongside. A fair size dent in the port middle section of the steamer's plates, above the waterline, was the only damage sustained.

And when you stand near a vessel of the size of the American steamer and hear the crunch of timber and metal, it is quite a sensation though far from comforting.

Mr. and Mrs. C. J. Kelly, Vice-President of Getz Bros. & Co. in San Francisco, were warmly welcomed by associate members of the firm and friends. This traveller, en route to San Francisco, will pay a short call in Hongkong and then proceed on his voyage across the Pacific.

A well-known visitor to the Colony who frequently uses the Clipper for his trips is Mr. Andre Savary, partner of Sage & Savary, well-known restaurant owners and managers in Manila.

Mrs. A. M. Loptson, accompanied by her two young sons, is visiting the Colony on a short vacation. Several prominent missionaries greeted this traveller whose husband is connected with the Christian & Missionary Alliance in the Philippine Islands and is prominent for his work.

Mr. A. Cuadros, a representative of Chile, passed through the city en route to the Chilean Legation at Tokyo. However, this gentleman did not wish to see the press, according to reports.

The popular manager of the National Carbon Co., in Batavia, Mr. T. C. Stuart, is going to the United States on six months' holiday. His welcome by friends and associates was indeed a gay reunion.

Another gentleman heading for vacation days in America is Mr. M. Taylor, Publisher of the Manila Daily Bulletin in Manila. Though we did not have the pleasure of an interview, we wonder just how can a gentleman of the Press really take six months' holiday!

Caldbeck Macgregor
& Co., Ltd.

Messrs. Caldbeck, Macgregor and Co., Ltd., have been advised by telegram of the death, in London, on Nov. 12, of Mr. Charles Julius Lafrentz in his eighty-third year.

Mr. Lafrentz first came out to China in 1877, when he joined the firm of Rowe and Co. in Canton. In 1906 he became Manager of the Hongkong Branch of Caldbeck, Macgregor and Co., which position he held until 1926 when he went to London as Director of the London firm of Caldbeck Macgregor and Co., Ltd.

RETIRED in 1936
He eventually retired in 1936, six months after his eightieth birthday.

Mr. Lafrentz was uncle by marriage to Lieut. Col. E. J. R. Mitchell and Mr. A. B. Mitchell. Owing to his particularly charming disposition, Mr. Lafrentz was one of the most popular men in Hongkong.

His fine character and his keen sportsmanship were an example to all whose privilege it was to know him. He was a Mason of repute holding high office in District Grand Lodge. He leaves a wife and daughter and two grand-daughters.

LOCAL ESTATE

Letters of administration in respect of the estate in Hongkong of the late Mr. Wong Gouie, who died in New York City on November 17, 1931, and left property in the Colony valued at \$18,600, have been granted to Mr. T. J. Prior, solicitor and lawful attorney.

RISE OF THE CHINESE
DOLLAR IS ANALYSEDImprovement Of Trade And
Decline Of Sterling Chief
Contributors To Recent Rise

BY KUNG CHIA-LIN IN THE TA KUNG PAO

The market rate of the Chinese dollar has weathered several severe changes since the Equilization Fund ceased to operate in the open market. Recently the dollar underwent another major fluctuation—remarkable increase in strength. In sterling, it advanced from 3 1/4d. in the middle of August to over 5d. at the present time; in U.S. dollars, from 6c. in mid-August to 8.35c. now; and in Hongkong dollars, from 22c. to 35c.

What are the main forces pushing up the dollar? What are characteristics of the present wave? How can we judge the future of the dollar in the light of the recent fluctuations? The firmness of the Chinese Dollar recently shown may be attributed to the following factors:

LIQUIDATION OF OVER-BOUGHT POSITION

In an article published by the Shanghai Shun-Pao (Aug. 21), the writer warned the public not to take too much interest in the buying-speculation, when the dollar ran as low as a little over 3d. In the light of the relative purchasing power of foreign currencies a 3 or 4-penny dollar is hardly justifiable. The speculators cannot hold out very long. In the event of a sudden turn in the political or economical world, it is only natural that the speculator should rush to sell foreign exchanges and the dollar quickly recover, leaving the speculators themselves considerable losers.

CHINESE VICTORIES

Chinese victories in northern Hunan and southern Kiangsi led the people to feel more optimistic about the future of the Sino-Japanese war and consequently their confidence in the national currency revived. At the same time peace rumours were rife, leading the people to believe that the early conclusion of the war was possible, and that after this the government would try to re-establish the official rate. Such ideas of feeling led to the predominance of selling orders of exchange over buying orders in the financial market.

TRADE BALANCE IMPROVED

Since the introduction of a new set of trade and exchange control regulations starting from June 7, considerable improvement has taken place in export trade returns. According to Customs Reports, the excess of imports in May, 1939, was about 90 millions and in June, 84 millions. In July, it declined sharply to 37 millions and in August, it fell further to 29 millions. Thus the trade balance is gradually turning more favourable for China. We can safely predict that, in the remaining months of the year, it will show further improvement, even to the point of an export surplus (in Customs Figures).

We have two arguments for this contention. Firstly, as a result of the big slump of the dollar in last July and August, the new orders for imports were very scarce. This must have further reduced the actual imports in September and October. Secondly, the outbreak of the European war will have the effect of cutting imports from the belligerents—especially from Germany—and at the same time giving a fair chance for exports. This favourable trend of the trade, of course, have a good effect on the position of the Chinese dollar on the exchange market.

WEAKENING OF STERLING

Any currency is liable to depreciate if the country to which it belongs is engaged in large-scale warfare. Great Britain is no exception. The pound sterling and all the other currencies linked with it may consequently be expected to weaken against the Chinese National Currency.

FLIGHT OF CAPITAL

Since the outbreak of the European War and the immediate introduction of exchange control measures by the Hongkong Government in early September, Hongkong has been witnessing a flight of capital. In recent days this movement has been intensified as a result of the proposed imposition of income tax in the Colony. In order to evade the impending tax burden, depositors have withdrawn their accounts in a great hurry and sold Hongkong dollars for Chinese National Currency in order to remit them to Shanghai, causing the rate of the Chinese dollar to soar. The depreciation of the Hongkong dollar in respect to the Chinese National Currency brought down the sterling-rate down as they are linked at around 15d.

SHANGHAI-HONGKONG TRADE

The great slump of the Chinese dollar in the past few months enabled Hongkong merchants to sell at a profit goods imported from Shanghai. Payments for these purchases are a factor in pushing up the Chinese dollar.

Judging from the foregoing and especially from the improvement of the trade balance and the relative weakness of the pound sterling in the course of the War, one may predict a tendency toward a stabilization of more lasting nature, which will in the long run, further strengthen the position of the Chinese dollar.

TRAFFIC ACCIDENTS
IN THE COLONY

In the Colony of Hongkong including the Island, Kowloon and New Territories during the week ending at 8 a.m. on Saturday, Nov. 11, 1939, there were altogether 90 traffic accidents as the result of which 2 persons were killed and 45 persons were injured.

The persons killed, a Chinese male, age 29, died from injuries received while attempting to board a moving bus and a 71-year-old Chinese male was knocked down by a public ricksha while walking along the road or fell out from a ricksha. He subsequently died from injuries received.

Of persons injured, 22 were pedestrians, who were either walking or running across the road and were struck by vehicles.

Of 90 accidents, 32 were collisions between vehicles; 45 were collisions between vehicles and pedestrians; 23 accidents were due to other causes.

Type of Vehicles Involved: Private motor car, 42; Motor lorry, 31; Motor bus, 19; Public motor car, 7; Motor cycle, 2; Tramcar, 7; Tricycle, 8; Bicycle, 3; Ricksha, 3; Earth truck, 1.

A further week's remand was granted when Koo Pak-man, Editor of the Wah Kiu Yat Po, appeared before Mr. R. Edwards at the Central Magistracy yesterday charged with the possession of a code book in Chinese, and also

CONSTABLE
ACCUSED OF
STEALING

LI Yee-tim, 23, police constable, was remanded for 72 hours when he appeared before Mr. T. J. Houston at the Central Magistracy yesterday, on a charge of larceny of \$12 from The Shing, 38, travelling salesman, in Connaught Road West.

It was alleged that complainant was stopped by Li who demanded to search him. After the search he found two five-dollar notes and two one-dollar notes missing from his pocket.

The made a report at No. 7 Police Station. At an identification parade, Li was picked out as the man who had searched him.

PREMIER'S REVIEW:

DEFENCE, FOREIGN POLICY, PROBLEMS OF SUPPLY AND ECONOMIC WARFARE

LONDON, Nov. 17 (Reuter).—Mr. Neville Chamberlain's statement on the war, which was read in the House of Commons yesterday, by Sir John Simon, Chancellor of the Exchequer, in the Premier's absence, referred also to the visit of the Polish Premier, Gen. Sikorski, to London and continued that it was hoped that it would soon be possible to organise self-contained Polish forces in France.

Referring to M. Reynaud's visit, a long extract was read from a communique regarding the necessity for close and continuous Anglo-French financial and economic co-operation.

Discussions with the representatives from the Dominions and India dealt with all aspects of the war and covered questions of defence, foreign policy, problems of supply and economic warfare and shipping, while a number of meetings were held with the representatives of the individual Dominions on various special problems. The progress already made was most encouraging.

RESTRICTIONS LIFTED

Free Movement For Chinese Goods In French Indo-China

CHUNGKING, Nov. 17 (Reuter).—Earlier reports of the lifting of restrictions on China-bound goods by the authorities of French Indo-China are confirmed by an official notice received by the Chungking Chamber of Commerce from the Chinese Chamber of Commerce in Tongking.

The notice states: "Goods ordered by Chinese are now awaiting trans-shipment at Haiphong. No matter whether they come from Germany, or fall within the category of goods whose export is banned in time of war, they may now be moved—not necessarily within the time limit previously set by the local authorities for the purpose."

"In future Chinese will be free to move their imports through French Indo-China."

"The only restrictions are that no more German commodities will be allowed to enter French Indo-China, and those which had arrived at Haiphong before the outbreak of the European war, must be accompanied by certificates issued by French Consular officials at the places of origin before they can be released for trans-shipment to China."

SINO-SOVIET RELATIONS

Continued From Page 1

SUN FO CONVINCED

LONDON, Nov. 17 (Reuter).—Prior to leaving for Paris today, Dr. Sun Fo, President of the Legislative Yuan, in an interview with Reuter, expressed great satisfaction with his visit to London and his conversations with the Government representatives convinced him that the Chinese position was fully appreciated and no change of British policy in the matter need be feared.

Dr. Sun Fo said that the comparative quiescence of the Chinese armies in recent months was due to the need for not attempting large scale operations until preparations, to which Generalissimo Chiang Kai-shek was devoting himself, were completed.

SOVIET INTEREST

With reference to Russian interest in the Far East, Dr. Sun Fo said that M. Stalin told him 18 months ago that the Soviet would take military action on one of three conditions, namely, if the League of Nations decided to act; if Britain, France and the United States agreed to co-operate in joint action against Japan (in which case Russia would join them); or if Japan attacked the Soviet.

None of these conditions were fulfilled but Dr. Sun Fo felt confident that the Soviet would continue to assist China in her struggle for freedom in a manner open to her as a neutral.

NAZIS "INTERN" CZECH PRESIDENT

PARIS, Nov. 17 (Reuter).—The Paris Solr carries a report from Bratislava to the effect that the Czech President under Nazi rule, M. Hacha, has been "interned" in the Presidential chateau near Prague for refusing to publicly repudiate anti-German activity by Czechs in Allied countries.

JAPANESE SAY SO SORRY

Recent Death Of Missionary

SHANGHAI, Nov. 17 (Reuter).—The British Consul at Nanking, Mr. John Alexander, proceeded to Hsuehchow, Kiangsu Province, yesterday in connection with the shooting incident on Oct. 28 involving Canadian missionaries, according to the Japanese Army spokesman here.

Mr. Alexander called on the Japanese Army commander expressing appreciation of the Japanese action in attending to the wounded men, said the spokesman, adding that the Consul had concurred with the Mission authorities that the case is considered closed.

The Japanese Army commander expressed deep regret at the loss of the life of Brother Gauvin as a result of the affair.

U.S. Watches Invasion Of Pakhoi

INFORMATION BEING OBTAINED

WASHINGTON, Nov. 17 (Reuter).—Mr. Sumner Welles, Assistant Secretary of State, declared that the State Department was watching Japan's latest invasion of the Pakhoi region.

He added that he was not certain what American interests, if any, were involved, but the Department was, nevertheless, obtaining information concerning the move.

Malicious Damage Charge Against F. X. Remedios Is Dismissed At Magistracy

AFTER A PROTRACTED HEARING at the Central Magistracy, Mr. R. A. D. Forrest yesterday dismissed the charge brought against F. X. Remedios, cabaret manager, for maliciously damaging a car, belonging to Mr. Howard Torr, on July 30. His Worship, in his judgment commented on the curious features of the case for the prosecution.

The defendant was alleged to have damaged the car which was parked outside the complainant's house, after having been refused admittance to see the complainant. Giving judgment, His Worship said:

"I indicated at the close of the case for the prosecution my view that the charge should be dismissed; and at the same time pointed out that, even if it be assumed that every word given in evidence against the defendant was true, there was no case to answer. Not one of the witnesses has asserted that the defendant damaged the car, and only one has asserted that he even so much as touched it, and that at a part of the car to which no damage was done."

Moreover, the witness who made that assertion has been demonstrated to be at least singularly defective in observation or memory; I go on further than that; and in the special case of this assertion he was later reduced to admit that his statement that defendant laid hands on the car was made on inference and not on observation.

Add to the above the effect of the evidence given by impartial witnesses for the defence, and I have before me as clear a case for dismissal of the charge as I remember.

MATTER OF CONJECTURE

But the curious features in this case do not end there. In contrast with the case of the present defendant is that of Mr. Pong; he is proved and admitted to have been one of the party who called on Mr. Torr with defendant on the night of the alleged damage, and he is unequivocally stated by one of the witnesses called by the prosecution to have done actual damage to the car. The reason why defendant and not Pong was selected for prosecution is a matter of conjecture, and will be variously interpreted.

POLICE PROSECUTION

Mr. D'Almada has been at pains to emphasise the fact that this is not a private, but a Police prosecution, and it is not easy to see who is responsible for these suppressions. It is enough to say, however, that they are in contravention of the principle that the prosecution's duty is to bring to the knowledge of the Court all relevant facts, even if telling in the defendant's favour. That fairness of procedure has been conspicuously absent in this case.

The charge is dismissed.

The Hon. Mr. Leo D'Almada e Castro, Jnr., instructed by Mr. H. A. de B. Botelho, appeared for the prosecution, while Mr. M. A. da Silva was for the defence.

DIFFERENCE IN RULE

DEMOCRACIES AND SELF-CHOSEN INDIVIDUAL

WASHINGTON, Nov. 17 (Reuter).—When laying the corner stone of the Thomas Jefferson Memorial President Roosevelt spoke of the difference between Democracies and what he called "the rule of a self-chosen individual."

"Thomas Jefferson," he said, "lived as we live today, in the middle of a struggle between the rule of a self-chosen individual and the rule by franchise and approval of many."

The United States was satisfied with the Republican form of Government based on regular recurring opportunities for citizens to choose their leaders for themselves.

Ex-Premier To Form New Ministry In Assam Assembly

SHILLONG, Nov. 17 (Reuter).—It is officially announced that Sir Muhammad Saadulla, ex-Premier and Leader of the Opposition, in the Assam Legislative Assembly, has agreed to form a new Ministry.

VOLUNTEER ORDERS

ORDERS BY LT.-COL. H. B. ROSE, M.C., COMMANDANT, HONGKONG VOLUNTEER DEFENCE CORPS

GIFTS FOR RED CROSS WORK

LONDON, Nov. 17 (Reuter).—The sum of £2,500 has been received by the Lord Mayor's Red Cross Fund from the people of Ceylon. This sum, it is stated, was the first instalment.

Prince Mohamed Ali, cousin of King Farouk of Egypt, has given £1,000 to the British Red Cross, £550 to the French Red Cross and £500 to the Turkish Red Crescent.

HEAVY FALL IN CAR SALES

Continued From Page 1

stocks of petrol in the Colony amount to, but what is more interesting is the reactions which have become evident on the motor trade of Hongkong.

Inquiries made among the leading motor dealers and service stations show that the immediate effect of the rise in price of petrol was a tremendous drop in the sales, not only of gasoline, but also of motor cars, and particularly of large cars, which are now a glut on the market.

One service station in Kowloon which was selling an average of 100 gallons of petrol a day, now sells less than 50, while a Hongkong depot has recorded a drop of over 60 per cent, in the sale of petrol since the price was increased.

DROPPING IN SALES

The sales manager of a leading European motor firm said: "With a jump in the price of petrol of nearly 50 per cent, it is only natural to expect a big drop in sales. Our motor car sales have fallen with our petrol sales and it is now almost impossible to sell a motor car in Hongkong."

"The owner of a heavy car will gladly exchange his car for a lighter model, and, apart from a few sales of light cars, I don't think there have been any big car sales recently—certainly we have not been able to sell any of our heavy models."

FEW NEW MODELS

Another dealer was so pessimistic that he said: "If things continue like this much longer, we may have to shut up shop. Apart from the rise in price of petrol, there is the difficulty of getting cars from Britain. With most of the factories turning out war planes and armaments, only two British makes have announced new models for 1940."

He agreed with our representative, however, that American cars would be available, but pointed out that they are generally more expensive to run as they are higher horse-powered.

HIRING CARS

The hiring car owners have in most cases increased their charges, while the taxmen are still waiting a reply to their petition to the Government for permission to increase their fares from 40 cents a mile to 50 cents.

While explaining to our representative how the present price of petrol save taxmen the barest margin of profit on which to run their vehicles, the manager of a taxicab company admitted that an increase in charges will naturally tend to lessen the demand for taxis and this in turn would result in less petrol purchases.

Whether the objects behind the Government's move in increasing the tax on petrol, will be achieved, remains to be seen. The petrol companies have straight away passed on the tax to the consumer, adding an extra 20 cents to cover increased freight and insurance charges, and if this has the direct result of halving the petrol consumption of the Colony, the extra revenue to Government will be negligible. The Government tax previous to the outbreak of war was 30 cents per gallon.

Canadian Chinese Celebrate Sixth Anniversary Dance

Nearly 300 members and guests of the Canadian Chinese Club of Hongkong were assembled in the Rose Room of the Peninsula Hotel, Kowloon, last night for the Club's sixth annual dinner and dance. The proceeds of the function, which was one of the gayest and jolliest in Hongkong for a long time, were in aid of the Chinese Red Cross and British War Organisation Funds.

It is estimated that these two charities benefited to the extent of about \$500 between them, as a result of the occasion.

Mr. Lee Yuk-tong, President of the Club, presided, and the Guests of Honour were Col. E. S. Doughy, Canadian Immigration Commissioner, and Mrs. Douglas, Canadian Trade Commissioner, and Mrs. Douglas, "Newsweek" Wong and Mrs. Wong, Mr. W. O'Neill of Reuter, Mr. and Mrs. David Liu, and Mr. and Mrs. Norman Goong.

GOOD CAUSE

After Mr. Lee Yuk-tong had proposed the Royal Toast, he addressed a few words of welcome to the gathering and thanked them for their support in making the occasion a success. He explained the good cause the function was intended to benefit.

Lt.-Col. Doughy thanked the

President and Members for the entertainment and proposed the toast of the Chinese Republic, after which Major Douglas, speaking on behalf of the guests, congratulated the Club on its steady progress and good work.

Mr. Herbert Tong entertained the gathering, first with a tap dance and later with an imitation of a "bath-room scene" which was very clever and amusing. Artists of the Chinese Sports Circus then gave a show by kind permission of the manager, Mr. Th'Sang.

Arrangements were in the capable hands of the President assisted by Mrs. L. L. Quon, Vice-President, Mr. Q. P. Lee, Hon. Secretary, Mr. Lyman Quon, Hon. Treasurer, Mr. Geo. L. Chow, Business Manager and Master of Ceremonies. The Dance Committee consisted of Mrs. G. G. Lee, Mrs. D. H. T. Lee, Miss Irene Lee, Miss Elvise Yuen and Mr. William S. Tag.

CATHOLIC NEWS & NOTES

BASILICA OF S. MARIA MAGGIORE: THE LATE CARDINAL DOLCI

IT HAS BEEN ANNOUNCED THAT HIS HOLINESS THE POPE WILL CELEBRATE MASS ON DECEMBER 8, IN THE BASILICA OF S. MARIA MAGGIORE (NOT LAKE MAGGIORE, AS SOME PAPERS HAD IT).

This is one of the most important churches in Rome and the chief one of those dedicated to the Blessed Virgin Mary, and the occasion on which the Pope is to visit it is the chief feast of the Immaculate Conception.

The church is called S. Maria "Maggiore," or the "Greater" St. Mary's, because of its antiquity and importance. It dates from the fourth century. The original building was replaced by a larger one in the fifth century and then was named the church of "Holy Mary, Mother of God." Immediately after the Council of Ephesus allowed this title to be given to Mary.

This was the only complete reconstruction of the church, for all the other restorations were piecemeal, but every part of the edifice has been renewed more than once. Its present form dates mostly from the fifteenth century. It has a remarkable gilded ceiling, decorated with the first gold brought from America.

JUBILEE DOOR

The name "Basilica" is given to a church of the earliest Roman type, rectangular in shape and divided by rows of pillars into central nave and surrounding aisles. The title of major and minor basilica is also given to special churches with important historical associations. St. Maria Maggiore is both a basilica in form and a major basilica in rank. It is one of the four churches in Rome that has a special "jubilee door," an entrance that is only used on the occasion of a "Holy Year" and is bricked up at other times.

LATE CARDINAL DOLCI

Each of the great Roman basilicas has as its director an "archpriest" chosen from among the Cardinals. The archpriest of St. Maria Maggiore recently died. He was Cardinal Dolci and he received the decoration of Commander of Order of the British Empire for his assistance to British prisoners in Turkey during the Great War.

On one occasion he saved the lives of three British naval officers who had been condemned to death. At that time, as Archbishop Dolci, he was Apostolic Delegate in Constantinople. The three officers were charged with breaking their parole and it was late at night when the news reached

the Apostolic Delegate that they were condemned to be shot.

He drove at once to the Sultan's palace and was told that the Sultan, Rehid IV, was asleep. Mgr. Dolci insisted that he should be told of his visit and the Sultan came down to meet him, very sleepy and very frightened, because as the tool of the Young Turk party he hesitated to take any action on his own responsibility. He tried to put him off with promises, but Mgr. Dolci would not leave until he had an order signed by the Sultan consigning the three officers to the care of the Catholic Church until the matter could be reviewed.

It was eventually dealt with to the satisfaction of all. The three officers had been captured when Kut fell after a long siege. They and others were in severe confinement and one of Mgr. Dolci's regular activities was to secure better treatment for them and to have delivered to them supplies of food and clothing which were held up.

SAW WARSAW INVADIED

A recently published book tells the story of a saint who saw Warsaw invaded by Prussians, Russians and French. The book is entitled "St. Clement, C.S.S.R., Patron of Vienna," and it tells the story of a remarkable man who lived in remarkable times. His full name was Clement Mary Hofbauer, but "Hofbauer" was only a Germanised form of Dvorak, for the saint was a Slav born in Moravia.

He was a University student in Vienna when he decided to become a Redemptorist priest, so he walked to Rome. When he was ordained he was sent to Warsaw, which he reached just a few years before the French Revolution began. He remained there during the Napoleonic wars when Poland went through so many changes.

He occupied himself mainly with helping the poor children in the suffering capital and he was admired and abused in turn by various sections of the population. The account that the book gives of the devastation of Poland gives hope for the resurgence of the country again after its present trials.

H. K. STOCK EXCHANGE

Following the trend depicted in last week's summary this week has been one of expectancy. There has not been time to gauge the reaction to the respite of the Income Tax bogey. Between line reading of this controversy does not dispel disquietude as to the ultimate conversion of the opposition, or failing this, the possible marshalling of superior forces to terminate the issue. Such being so, Capital remains nervous and Trading becomes spasmodic. However, as the year wears on, may be Capital will risk a hazard. That is, by dividing itself into taking a chance on a sojourn amongst the local counters, which it may be repeated are due for attention and fighting to climes more suitable to delicate and nervous constitutions.

**FULL PROGRAMME OF FOUR MATCHES
IN THE LADIES' SOFTBALL LEAGUE**

A full programme of four Ladies' matches will be played tomorrow and should compensate the local fans for the curtailed activities of the Men's League, which will stage only two games.

The Prince Edward Road ground will be the venue for three of the ladies' games, the first of which is the Wild-cats-Cubs clash at 10.30 a.m.

In the Wildcats, the Cubs have drawn a tough assignment in which to make their first official appearance of the season and they will do well to hold the Chinese girls to a fairly respectable margin.

Vivian Churn, Myra Hutchinson, Kitty Bush, Beatrice Hutchinson, Patsy Kotewall, Nancy Maxwell, Malsie Reis, Ethel Hicks and Arline Vanbergen will take the field for the Baby Bruins and will be opposed by the experienced line-up of Lily, Doris, Mary and Gloria Mar, Ella Chinn, May Chung, Virginia Chui, Frances Lee and Pamela Young.

SECOND MATCH

The second match a noon will see the Wahoes in opposition to the Ball Club girls who surprisingly went down to Recrelo last week. Although the Green Owls also took a beating in their first outing, they put up a creditable display against the champions and, in this match, should prove to be too steady for the Ball Clubbers.

The latter were highly successful in their pre-season outings, but, judging from their last game, are still too weak at bat to trouble the stronger girls' teams. The batteries will be Therese Noronha and Lena Luongo for the Wahoes, against Thelma Collico and "Salor" Motta for the Ball Club.

THE NIGHTCAP

The Cardinals will take the field against the Baby Panthers in the nightcap at 1.30 p.m. It is to be hoped that, for this fracas, the Redbirds will have the services of their coach, Doc Molthen, who was indisposed last week, and that they will disillusion those critics who have already earmarked them for the cellar berth in the final standings.

The Baby Panthers were not at all impressive against the Canadian Chinese, but the strength of the opposition may have had much to do with their poor display on that occasion, and they should take a step in the right direction in this fixture.

SLUGGING BEE

A real slugging bee should result when the Recrelo girls entertain the Pirates at 10.30 a.m., on their own ground.

The Ramblerettes lived up to Coach Luiz Rocha's expectations by hitting for the high mark of .409 last week, but might not be

able to do quite so well against the well controlled offerings of Maudie Read, skipper of the Buccaneers. Even so they should connect often enough to take the points from the Pirates who hit just as hard but not as often; the latter will be playing without the guidance of their coach, "Colonel" Dave Walker.

MEN'S GAMES

The first of the two Men's games to be played on the C.B.A. ground, will see the Trojans in action against Liga Portuguesa at 12.30 p.m. The latter gave a grand display to beat the English Forum in their only previous outing and should account for the Trojans who are not nearly as strong as they were last season when they upset the C.B.C. in a game that decided last year's championship.

EASY OUTING?

At 1.45 p.m., the Ball Club have another easy outing this time against the Central British Association, who will be greatly strengthened by the return of Tom Whitley who will guard his regular spot at the Windy Alley.

FRIENDLY TUSSLE

With both of their league games postponed, Recrelo "A" and "B" will combine to field a team against the U.S.S. Ashville in a friendly tussle at 2.30 p.m. If the Ashville gang play softball as good as they play baseball, fans who turn out are promised some high grade ball.

THE PROGRAMME

Games and umpires appointed are as follows:—

Prince Edward Road Ground:
10.30 a.m.: Wildcats v. Cubs (Umpires) F. J. Molthen, H. Campos and D. Aquino.
12.00 a.m.: Wahoes v. Ball Club (Umpires) F. J. Molthen, Nip Lum and Tuffy Chinn.
1.30 p.m.: Cardinals v. Baby Panthers (Umpires) Nip Lum, Tuffy Chinn and Wally Ching.
C.B.A. Ground:
12.30 p.m.: Trojans v. Liga (Umpires) M. Mendonca, J. Delgado and A. M. Prata.
1.45 p.m.: Ball Club v. C.B.A. (Umpire) N. Estrada, J. Alvares and M. Mendonca.

Recrelo Ground:

**RUGGER TREAT
AT CAUSEWAY
BAY TODAY**

**Army - Club Meet
Police Navy**

BY "HOOKER"

Army-Club appear to be narrow favourites in the rugger game to be played at Causeway Bay today and, as both sides have a strong fifteen on view, a very interesting game should be seen.

Wall, filling the full-back position for the Police-Navy side, has given some very convincing displays this season but Lang, playing for the Army-Club, also possesses a safe pair of hands and he gets off the mark very quickly and in this department there is little to choose.

Stewart, Bidwell, Charter and Richards are a grand set of three but the Police-Navy represented by Cockrane, Carter, Paul and D. H. Taylor must be reckoned with, and if Paul can make the necessary openings for Taylor they should be the danger part of the Police-Navy attack and perhaps the best wing combination on view.

GOOD UNDERSTANDING

Cessford and Henderson have a very good understanding with each other and, although Fay and Liscumbe played well together last week, I think Cessford and Henderson easily the better pair of halves.

The Army-Club have a good set of forwards on view, and Duke, Walkden, Pinkerton, A. J. G. Taylor and Cuthbertson who is playing just as well as ever, coupled with Castleton's hooking should be well on top of the Police-Navy forwards, thus giving the Army-Club backs the required possession.

In the curtain-raiser, Army 'A' should reverse last week's result against Navy 'A'.

**Police Draw
With Signals
At Hockey**

Police, playing one short, drew one-all with the Royal Corps of Signals in a friendly hockey encounter at Boundary Street yesterday.

The game was exceptionally scrappy throughout, the Signals being inclined to an over-indulgence in short-passing, and the Police side again relapsing into their old failure to combine.

Both the goals were scored in the second half, Narwant Singh netting for the Police and Whitefield for the Signals.

The teams:—
Police: Balwant Singh: Dabara Singh; Narwan Singh: Leslie, Mehara Singh; Joginder Singh, Wilhamson, Narwant Singh, Rothwell and Bakshi Singh.
R.C.S.: L/C. Truscott; L/C. Holland, C. Q. M. S. Sayers; Sig. Griffiths Cpl. Gorman, Cpl. Blount; Sig. Price, Cpl. Husband, Sgt. Whitefield, Cpl. Austen and Cpl. Kennedy.

**CHARITY
BAZAAR**

Lady Northcote declared opened the St. Paul's Girls' College charity bazaar yesterday afternoon. Her Ladyship thanked the school members and the Principal, Dr. Katherine Foon-yea Woo, M.B.E., for the honour and wished the effort every success.

The Hon. Sir Robert Kotewall spoke of the many booths at the bazaar and explained the worthy causes to which the proceeds will be donated.

The bazaar, which is being held in the school quarters, will be continued today from 11 a.m. until 9 p.m. The funds raised will be divided between the Ministering Children's League, The British War Organization Fund and the Chinese Relief Fund.

TWO PRIZES

Two prizes were given by Lady Northcote yesterday afternoon for the largest amount of tickets sold for the bazaar. Miss Mok Suk-yung won the first prize and the second went to the members of the Senior Middle One, it being a competition between the School's classes.

**Gunners Win
Wager At
Polo**

In a polo friendly played at Boundary Road yesterday evening, between the H.K.S.R.A. and the Royal Scots, the former, starting with a handicap of plus two, won by five goals to two in a good, fast game. The game was played for a wager—the losers were to entertain the winners at The Gripps after the match. The entertainment was a fairly long affair.

There was nothing in the first chukker until the end when Capt. Wilson scored a goal for the Gunners. In the second chukker the gunners failed to score from a 40 yards penalty. Later Marshall took the ball up from half way but failed to score.

Another unsuccessful scoring attempt was made by Smith and Gilbert also later got very near scoring when he took the ball downfield, but was intercepted. Burn eventually scored for the Scots and the chukker ended with the gunners leading three—one.

EXCELLENT RUN

Taking the ball downfield in an excellent run, Gilbertson almost scored when the ball was stopped at the goal-mouth by the opposing defence. Gilbertson later scored with a very good back-hander but the gunners soon retallated through Penfold and the ball went with the gunners, still leading by four to two.

In the last chukker play was slow until Gilbertson took the ball down the boards and centered to his No. 1 who, however, failed to score.

Gilbertson followed with another attack, but Wilson got possession and scored with a very nice shot to increase the gunners' score to five. Burn then made a spectacular dash downfield, but shot wide and the game ended with the gunners winners by five to two.

The teams were as follows:—
